lives. Nor is it alone to the poor or destitute that such a gift would bring joy and happiness. A Sewing-Machine is a most useful and appropriate token of affection; and one of these celebrated machines, beautifully furnished in cabinets of choice wood, would grace the boudeir of any lady.

The New-York Evangelist, writing on this subject, says: "The invention and introduction of the sewing-machine has proved, contrary to the predictions of very many persons, the greatest possible benefit to the needlewomen of the country. By it not only are the wants of the ordinary household readily supplied, but the sewing-machine has become a necessity to the seamstress, dressmaker, and tailor. The Children's Aid Society has under its care thousands of poor, unfortunate children. Some are News Boys, some Street-Sweepers, little Peddlers, Boot-Blacks-houseless and outcast children of the street. Others are little girk, orplans or homeless, or the daughters of very destitute inhoring people.

others so back each day to wretched homes, where little food and a scanty fire welcome them. We wish to make Christmas Day the happlest day in the year to these little unfortenates. We propose in the Newseys Loyding House (where in the past year were about 7,000 different poor boys) to give a good dinner and to distribute clothing and slose, and to fit out some for Western homes. In the Girl's Lodging-House /where have been nearly 1,000 homeless girls the past year) we desire to have a genial festival sad give a happy time to those who have had few friends. In our "Refuge for Friendless Children," just onesed on the corner of Twenty-fourth-st and Eighth ave, we want to provide bedding clothing and shoes, and give a good med. In our Ladustrial Shools (now numbering 13, with over 2,000 children on the rolls) we hope (if the public supply the means) to distribute over 1,000 pairs of shoes, clothing and little presents, and to give all a good repeat.

on the rolls) we hope (if the public supply the means) to distribute over Loop pairs of shoes, clothing and little presents, and to give all a good repeat.

We shall fill up a parry for the West just after the holidays, and for these homeless boys and girls (now going out from the office at the rate of 100 a month), we need clothing and means for riving a home, as our funds are very low. A single party sometimes costs us \$1,000. Will not those who gather at cheerful firesides during this happy season, and welcome lour-separated friends, remember the thousands in New York who have no friends. Will the children who enjoy the gifts of the happy day, bear in mind the little ones who have no house to shelter, no fire to warm them, who are hall starved and poorty clothed in the Winter's cold! Who will give a Christman present to the poor children—and above all, the gift of a home?

Who will contribute to enlarge our most necessary work among the children of the street?

These Salts are produced from the wells of the PENSYLVANIA SALT MANUFACTURING COMPANY.

The healthy, virifying and stimulating influence of mineral waters, used as baths, is a well-established fact. Yet the action of such waters greatly varies with their composition.

The above-named Strumatic Salts, used in solution in ferm of baths, constitute the most active spent in the cure of the above named disease; containing as they do large quantities of loddies and P-conides of Potassium, with other Salts, and as Chieff-of Magnesium, Iron, Potassium and Sodium.

The Salt is to be used discoved in warm water, as baths, of the slape of application of finamel moistoned with the solution.
